Dear Customer:

It has come to our attention that Centuri Pleiades can be played too long by good game players. Centuri has made a chip to reprogram the extended play feature raising the score past 6,000 - 60,000 points. You now have the option of going as high as 10,000 - 100,000 points.

The new program is an exchange item. You will be invoiced at \$68.00 each and credit of \$68.00 will be issued upon receipt of the old program. They must be returned to us within three (3) weeks.

Sincerely,

BRADY DISTRIBUTING COMPANY
